Subject: Re: Fw: Final PPRTV file for Sulfolane (CASRN 126-33-0)

PS, in an email discussing other matters with our SCDM contractor, I also gave them a headsup that the PPRTV assessment for Sulfolane is now available. I am not their work assignment manager for that contractor, but I believe that they have been tasked to do SCDM pages for this contaminant once they had a PPRTV assessment.

Marcia; Marlena Brewer in the State of Alaska would likely be very interested in this, if she has not already discovered it.

The assessment is now in the PPRTV electronic library of PPRTV assessments. Here is that QuickView page.
